

BIO

Zoey Clarke is a genre-defying artist emerging from Atlanta's ever-evolving music scene, blending the soulful traditions of R&B and doo-wop with a modern, expressive sound. More than a singer and DJ, Zoey is a cultural curator, community builder, and advocate for emotional freedom, creating music and experiences that are meant to be felt as much as heard. Her latest release, "Solid," released via Firstborn Music & Entertainment/Hoodrich, is a bold statement of self-worth and clarity. Written alongside Benjamin Button, known for his work with Usher, the record draws from the warmth of 1960s soul while pairing it with a sleek contemporary edge. Zoey has continued to carve out her own lane with songs including "Karma," "Anxiety," and "No Label" featuring 1Way Street, each reflecting themes of heartbreak, independence, healing, and rebirth. Her artistry extends beyond recorded music; on stage, Zoey seamlessly combines live vocals and turntable skills to create immersive DJ-vocal performances that blur the line between concert and experience. As the founder of 400 Northside, EDM Brunch N Chill, The Refresh, and the In Plain Sight Concert Series, Zoey has also created platforms that connect, spotlight, and elevate emerging artists and creatives. With a sound rooted in soul and a vision firmly focused on the future, Zoey Clarke continues to build a world where music, culture, and community meet.
